DEAR SIR/MADAM

I SUPPORT THE WORLDWIDE CAMPAIGN AGAINST TORTURE AND ABUSE USING DIRECTED ENERGY AND NEUROLOGICAL WEAPONS

Had major neuro attack, apache chopper with targeting array 2500 metres from house for three hour period, long range tanks allowed it to be up so long, I have been making a lot of waves and the military and cia don't like it, been very ill since attack burning pains cramps hard to focus, let you know the outcome.

I have been abused, I was a targeter for mind control techniques, on individuals who had got on the wrong side of either British or U.S intelligence. I am now using my knowledge to help.

.....I am fine they have tried everything, I can't be hurt any more than they have done, I have come through everything they have thrown at me, when they pick on one of their own they should expect a good fight which they got. I have cops working with me and ex sp forces guys who are not happy with what's going on and why so i am in a very good position compared to many of your victims. I have been giving advice and we have been targeting the targeters, we have been compiling a database of who's who in the game as we call it, its surprising where a lot of this is leading to! major companies, media and military and last but not least security services, we are working with some enterprising hackers, and using a programme called "BACKTRACK". This programme is tracking the watchers and leading us higher up the ladder, soon we will have a picture of everyone in the loop names addresses phone numbers and the complete picture of false firms deep cover operatives and just about all the personnel in the game.

I will soon have something that can bring down the guys running the show, I am the bait I just need a bite and they will be hooked with no way of getting out, all their research programmes using voluntary and involuntary, subjects, will be made public including where the involuntary subjects are, being obtained, or in other words kidnapped from, many of those on the lists are classed as, missing, several have signed up from prisons but a lot are coming from psychiatric institutions the institutions getting paid by the research labs for the guinea pigs, got a lot of classified stuff I have just been given to go through will update you when completed.

I DEMAND AN INTERNATIONAL INVESTIGATION INTO THESE CRIMES AND HUGE VIOLATIONS OF HUMAN RIGHTS!

Sincerely

CARL CLARK
